

Redeeming Facilitator's Guide

Darwin

The guide to prepare you to facilitate a small group study of the Redeeming Darwin DVD based study on Intelligent Design.

The Facilitator's Guide provides background material to prepare you to lead the discussion during each week of the study. It includes Fast Facts to equip you to lead the group and discussion questions to use during the group time..

Redeeming Darwin Leader's Kit

Everything needed to host a 6 week study on a Biblical perspective on the intelligent design controversy and how to use it to share Christ

Redeeming Darwin Self Study Kit

A DVD based study equipping you to understand the controversy between intelligent design and darwinism.

The Redeeming Darwin study covers this important topic in two DVDs.

DVD #1: Discovering the Designer – explores the scientific and societal aspects of Intelligent Design vs. Evolution issues. It features Kerby Anderson, Dr. Ray Bohlin, Dr. Fazale Rana (Reasons to Believe) and Dr. John Morris (Institute for Creation Research)

DVD #2: Declaring the Designer – equips the viewer to transition from a discussion of intelligent design to an effective presentation of the gospel. It features Larry Moyer and Mark Rae of EvanTell.

In addition to DVDs, the kit includes

Facilitator Guide: provides everything needed for a person with little or no knowledge of intelligent design or evolutionary theory to lead a stimulating study with group discussion.

Viewers Guide with Reference Guide: summarizes each lesson and provides a handy reference guide explaining the meaning and significance of the key concepts in this controversy

Redeeming Darwin Viewer's Guide w/ Reference Guide (Pack of 10)

Companion guide to Discovering the Designer DVD with helpful Reference Guide. Pack of 10 for larger group studies or to reuse DVD with a new group.

The Viewer's Guide provides an overview of the material of the Discovering the Designer DVD accompanied by the full Reference Guide explaining the key terms and concepts in this debate.

Any discussion comparing and contrasting naturalistic evolution (Neo-Darwinsim) and intelligent design introduces terms and concepts unfamiliar to many people. The Reference Guide provides a concise description of many of these terms/concepts comparing the assertions of supporters of Neo-Darwinsim with those of intelligent design. It is small enough to slip into a Bible, purse or glove compartment, but comprehensive enough to respond to most questions that may be raised in a discussion with a friend or acquaintance.

Redeeming Darwin Viewer's Guide with Reference Guide (Pack of 5)
