Probe’s 50th Anniversary Celebration Banquet

On Nov. 4, 2023, we commemorated Probe’s 50th Anniversary with a celebration banquet at Dallas’ Renaissance Hotel. We are so very grateful for God’s goodness and supernatural enabling to serve Him this half-century by sharing biblical worldview and apologetics worldwide!

200 friends gathered in the Malachite Showroom to help us celebrate God’s goodness over 50 years of ministry.

Probe President Kerby Anderson read an official proclamation honoring Probe from Texas Governor Greg Abbott.

We were blessed to share video and written endorsements, like this one from former Moody Bible Institute President Erwin Lutzer, who also wrote a book for us.

Dr. Ray Bohlin, a 48-year veteran of Probe and former president of the ministry, presented an overview of what we've been able to do in our 50 years. See a short list below.

The three children of Probe's co-founder, Jimmy Williams—Trey, Todd and Leslie—shared powerful memories of their amazing parents and growing up along with Probe.

Dr. Jim Thames, representing Dallas Theological Seminary, surprised Kerby with a Lifetime Achievement Award from DTS as our chairman of the board, Parker Eng, documented the award.

We were especially honored to be joined by our beloved June Hunt and her friend Kathy. When June founded the Hope Center, the beautiful retreat lodge-like office building housing scores of Christian ministries, she invited Probe to be one of the first to office there.

Some of what Dr. Ray Bohlin shared of the past 50 years:

• Through our Christian Update Forums, we brought biblical worldview to college classrooms as guest lecturers on more than 50 campuses. At least through 1980, we spoke in over 1,600 classrooms, to 70,000 students, with 70% positive to only 7% negative comments. Then we got canceled by administrations who didn't want their students exposed to truth.

• So we launched a radio outreach. Our weekly radio program, still airing after 40 years, has had tens of millions of listeners. They are available as 12-minute podcasts on Probe.org. We launched a second conversational podcast, Head & Heart, in 2020.

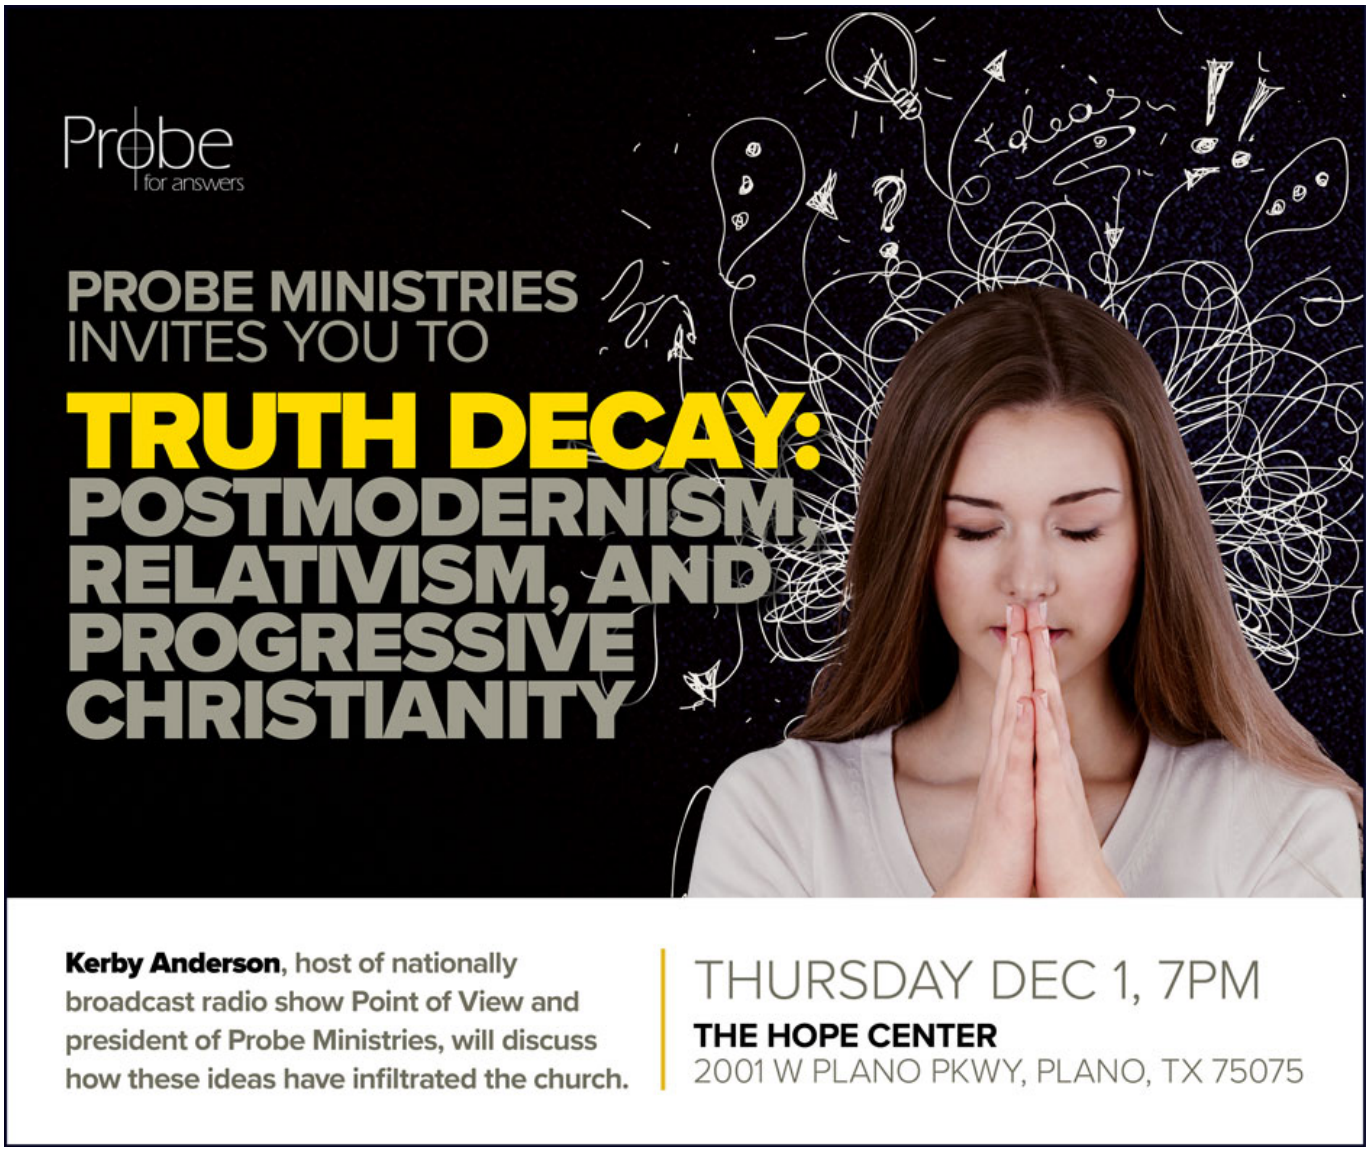

• Our website continues to have a literal worldwide impact, being visited by 193 (out of 195) countries in the past year. We offer over 2000 articles and answers to email. (You might say we were the original "Got Questions.org"?)

• Our staff has taught on every continent except Antarctica (the penguins aren't interested).

• We've taught 180 Mind Games conferences, both weekend and week-long camps.

• As the world gets darker and the church becomes more like the world than the Word, the need for what Probe offers is greater than ever.

Probe Live: Truth Decay

Join us for the next Probe Live event

Thursday, December 1, 2022
7:00 p.m.
The Hope Center, Plano TX

We encounter postmodern thinking when we share the gospel and then hear, “That’s your truth, but it’s not my truth.” Moral relativism surfaces when someone says, “That may be your morality, but it’s not my morality,” or “Who are you to say abortion or homosexuality is wrong?” And progressive Christians deny absolute moral truth and therefore question the fundamental doctrines of the Christian faith.

Probe Ministries President Kerby Anderson will provide an overview of these faulty ways of thinking and answer questions from the audience.

We will record this message but not live stream it.

Probe Live: If God is Good, Why Does He Let Me Hurt?

The problem of why God allows pain and evil has been the biggest obstacle to faith for thousands of years. Sue Bohlin, living with a lifelong disability, provides both philosophical and practical answers to this question.

Social Media, You and Your Family

Probe Ministries hosted a presentation by Kerby Anderson on "Social Media, You and Your Family" on October 16, 2018 at the Hope Center in Plano, Texas. All attendees received a free copy of the new book *Arts, Media, and Culture: A Biblical Point of View*. (You can order it from our online store here.)

You can download a recording of Kerby's message here.

We are all the beneficiaries of the information on the Internet. But scientists have also been able to document that our digital devices and social media are altering the way we think and altering our ability to concentrate.

As one psychologist at Tufts University explains, "We are not only what we read. We are how we read." The style of reading on the Internet is different and profoundly changing the way we read and acquire information. Our brains are able to reprogram themselves on the fly through a process called "neuroplasticity."

There is a crucial need for Christians to evaluate the impact of media in their lives. We need to develop discernment and pass those biblical principles to our children and grandchildren.

The new media represents an even greater threat to our discernment processes and can easily conform us to the world (Romans 12:2). Media is powerful tool to conform us to group think and thus to a secular worldview taking us captive to the false philosophies of the world (Colossians 2:8).

Let’s look at how we can harness social media to use for good while, at the same time, protecting ourselves and our children from potentially harmful effects.
