Steve Cable

	STEVE CABLE **Senior Vice President** Suite 2000 2001 W. Plano Parkway Plano TX 75075 (972) 941-4563 E-mail: scable@probe.org Probe web site: www.probe.org

Steve Cable is the Senior Vice President of Probe Ministries. He speaks for Probe conferences and writes for the national Probe radio broadcast. He also assists in developing strategies to expand the impact of Probe's resources in the U.S. and abroad. Prior to joining Probe, Steve spent over 25 years in the telecommunications industry. Steve and his wife Patti have served as Bible teachers for over 30 years, helping people apply God's word to every aspect of their lives. Steve has extensive, practical experience applying a Christian worldview to the dynamic, competitive high-tech world that is rapidly becoming a dominant aspect of our society.

PERSONAL BACKGROUND

Steve grew up in Carlsbad, New Mexico. He has been married to his wife Patti since 1976. They have three daughters, Kristen, Cassandra and Hannah. They are members of Prairie Creek Baptist Church, Plano, Texas.

EDUCATION

Rice University, B.S. in Electrical Engineering and Math Science, *magna cum laude*
Rice University, Masters in Electrical Engineering
Southern Methodist University, Post graduate courses
Rockwell International, Engineering Executive Training
Rockwell International, Executive Training
Honors: National Merit Scholar, Phi Beta Kappa, Tau Beta Pi, George Brown Engineering Scholarship

MINISTRY EXPERIENCE

Steve has been actively involved in Christian ministries since becoming a Christian at the age of 16. In college, he was active in both Campus Crusade for Christ and the Baptist Student Union (BSU). Through the BSU, he spent the summer of 1976 as a student missionary in Bangladesh. This experience contributed to a lifelong commitment to world missions and a

global ministry vision.

For the past 25 years, Steve and Patti have been continuously involved in pastoring and teaching adults. This ministry has included leading ministries to young single adults and to engaged/recently married couples. At Seacoast Community Church in Encinitas, California, where Steve served as an elder, Steve and Patti helped initiate and served as pastors for Great Beginnings, a ministry to engaged and recently married couples. In addition to the pasturing/teaching role, Steve has been active in leading small group discipleship, teaching Bible courses and apologetics, and leading inductive Bible study groups. Steve currently leads an adult Bible fellowship for empty nesters and serves as a Bible teacher for the School of Christian Growth of Prairie Creek Baptist Church in Plano, Texas.

BUSINESS EXPERIENCE

Prior to joining Probe, Steve spent 27 years in the telecommunications industry as a communications systems engineer and in executive management.

In 21 years with Rockwell International, Steve led the design and fielding communications systems for government and commercial applications. During his tenure with Rockwell, Steve held positions in engineering and executive management, including Director of Engineering, Division General Manager and VP of Global Wireless. In 1985, Steve was named Engineer of the Year for his division.

After leaving Rockwell, Steve spent 6 years as a corporate officer of ViaSat serving as VP of Strategic Development and then VP/GM Broadband Systems Division. ViaSat produces innovative satellite and other communication products that enable fast, secure, and efficient communications to any location. Products include satellite ground equipment, information security devices, tactical data radios, and

communication simulators.

Steve’s career in telecommunications allowed him to be involved in forefront of some of the technologies shaping our world: the Internet, mobile telephony, GPS and satellite communications.

In the late 1970’s and early 80’s, he was a project engineer for advanced communications programs working directly with Dr. Vint Cerf of the Advanced Research Projects Agency of the U.S. government. Widely known as one of the “Fathers of the Internet,” Cerf is the co-designer of the TCP/IP protocols and the architecture of the Internet. In December 1997, President Clinton presented the U.S. National Medal of Technology to Cerf and his partner, Robert E. Kahn, for founding and developing the Internet.

As VP/GM for ViaSat Broadband Systems, Steve was instrumental in harnessing satellites to bring broadband Internet connections both to commercial airline flights and to underserved homes and businesses around the globe.

His business experience includes providing services around the globe in collaboration with many foreign companies. Steve has worked directly in many countries including Australia, France, Thailand, Germany, the United Kingdom, Korea, Luxemburg and China.

ORIGINS LECTURE TOPICS

Amoeba to Man: You Can’t Get There From Here

An analysis of the various examples of evolutionary change today and the evidence for the concept of the created kind. Video and Power Point on video projector.

Creation/Evolution: What Can We Know About the Origins of the Universe and Life?

A fast-paced presentation outlining the major tensions in the origins debate and what conclusions we can draw. Summarizes the evidence for the origins of the universe and life, the origin of complex adaptations and the evidence for design and intelligence. Requires 1 hour and 15 minutes. Video and Power Point on video projector.

Christian Views of Science and Earth History

A description of the three most prevalent Christian views of Genesis: Literal or Recent Creation, Progressive or Day Age Creation, and Theistic Evolution. Strengths and weaknesses of each one are analyzed and discussed. Power Point on video projector.

Early Man and Human Fossils

This presentation analyzes the fossil evidence for human evolution from a creationist perspective. The scarcity of fossils, the twists of interpretation, and the fossils that are out of place are discussed. Power Point on video projector.

Evidence of Intelligence

Evidence for an intelligent creator from molecules to the universe. Video and Power Point on video projector.

The Grand Canyon and the Great Flood

This presentation takes you on a hike into the Grand Canyon with the Institute for Creation Research. You'll see some of the fabulous sites in the Grand Canyon as well as an explanation as to how ICR believes the Canyon may have been formed in conjunction with the flood of Noah. Slide illustrated.

In the Beginning: A Study of Genesis One

This is a verse by verse discussion of the first chapter of Genesis.

The Influence of the Evolutionary Worldview on Society

More and more evolutionists are calling for a new society based on the principles of evolution. What do they want? Power Point on video projector.

Life's Origins

A critique of the general scheme of chemical evolution and evidence for the hand of God in living cells. Video and Power Point on video projector.

Why We Believe in Creation

A biblical apologetic for a creationist position based primarily on the nature and character of God and the centrality of creation in the Bible.

NON-ORIGINS LECTURE TOPICS

A Christian Environmental Ethic

Christianity provides the only real basis for ecological concern. It should not take a crisis for Christians to be environmentally aware. Video and Power Point on video projector.

Abortion: The Destruction of the Innocents

Abortion is an unjustifiable intrusion on the safety of the womb. What is the logic behind the abortion movement and how should we respond. Power Point on video projector.

A Defense of Christianity: Can Christianity Be Trusted?

This presentation will defend Christian Theism as a worldview and examine historical evidence for the truth of Christianity. Power Point on video projector.

Campus Christianity: How Should We Live?

Four principles (Think Christianly, Cultivate a Teachable Spirit, Pursue Excellence, and Faithfulness) are presented for effective Christian witnessing in the classroom (or any sphere of life) are addressed. Also presented as **Being Christian in a Post-Christian Society**for adult audiences. Video and Power Point on video projector.

Human Nature: Who Are We?

Various views of the nature of man and their consequences are examined and contrasted with the Christian view. Video and Power Point on video projector.

Infanticide and Euthanasia: Gateway to the Death Camps of the 21st Century

The legacy of abortion is an ever decreasing value of human life in our society. The slippery slope is becoming steeper. Video and overhead projector.

Genes, Cloning, and Genetic Engineering: A Christian Perspective

How will these new technologies be used? Is it a Pandora's Box or a miracle cure? Power Point on video projector.

The Worldview of Jurassic Park

Scenes from the movie *Jurassic Park* are viewed with the intent of discovering the some of the obvious and also some of the subtle messages contained within this incredible piece of entertainment. TV/VCR and Overhead Projector

Guys are from Mars, Girls are from Venus

This presentation looks at the astonishing agreement between the newfound discoveries in the secular world concerning the uniqueness of men and women and their agreement with millennia old statements from the Bible. Power Point on video projector.

A Christian Response to Homosexuality

This presentation investigates the problem of homosexuality in our culture today, bringing together relevant Biblical passages and scientific studies from the fields of psychology, neurology, and genetics. The goal is to understand what God says, what science knows, and how we are to respond. How can we "hate the sin, yet love the sinner"? Power Point on video projector.

Safe Sex and the Facts

This presentation documents the unprecedented epidemic of sexually transmitted diseases. Primary to the discussion is the clear medical evidence that abstinence followed by monogamy is the only way to stay reproductively healthy throughout one's adult life. Slide Projector.

Science and Worldview

This presentation explores the roots of modern science from a Christian world view and why other worldviews failed to produce science as we know it. Power Point on video projector.

Worldviews: What Is True?

The major "isms" (theism, naturalism, and pantheism) in our culture and their influence are discussed. Power Point on video projector.

POSITION STATEMENT ON CREATION/EVOLUTION

1. That God is Creator is clearly taught in Scripture: Genesis 1 and 2, Job 38-41, Psalm 104, Romans 1:18-20, and Col. 1:16,17. The suggestion that life and man are the result of chance is incompatible with the biblical concept of intelligent creative activity. Theistic evolution is not a viable option in my opinion.

2. The data from astrophysics, astronomy, and mathematics do not support the concept of an eternal universe with no beginning. Something, indeed, has always existed, but it is

not matter and energy. There is a definite requirement for a transcendent energizing existence which is outside the material universe.

3. The data from geology, chemistry, biochemistry, and molecular biology do not support the theory that life arose from non-life by some process of chemical evolution. There is a definite requirement for intelligence in organizing and ordering living systems.

4. The data from paleontology, genetics, ecology, and molecular biology do not support the theory of descent with modification from single-celled organisms to man. The elements of intelligent design in nature point to a Supreme Designer that possesses a sense of beauty, form, function, and even humor. Though organisms do change over time, there appears to be genetically built-in limits to the amount and type of biological change that is possible.

5. The plain language of Genesis 1 seems to teach a recent literal six-day creation. There is much data from science, however, that indicates the universe and earth are billions of years old. I do not believe that certainty regarding the age of the earth is either necessary or possible at this time. Tension in areas of conflict between science and biblical interpretation should not necessarily be viewed as either questioning the inerrancy of scripture or a lack of faith. This issue should not be the focus of the creation/evolution debate at this time.

6. The plain language of Genesis 6-8 teaches a violent universal flood which would be expected to leave discernible scars on the earth. However, it is difficult to assimilate all geological formations into a model of a single worldwide flood only 5,000 years ago. There is also a significant amount of geological data that is not easily explained by uniformitarian principles. Research of a water canopy/universal flood model

should be vigorously pursued, but belief in such should not be made a litmus test of true Christian belief.

PHILOSOPHY OF MINISTRY

The creation/evolution debate is not only a divisive issue between the conservative Christian community and the scientific establishment, but it also divides Christians as well. The tension between both sets of groups often arises because people are talking with no one listening, and hearing without understanding. Strict adherence to a position is more important than understanding another's point of view. This lack of communication only intensifies the confrontation due to internal biases.

I believe that a reasonable and calm presentation of the evidence can defuse the emotional bullets, especially if questions are answered straightforwardly and with integrity. As a result, the level of learning on both sides is drastically increased. While there are some points in which I believe strongly and will defend them rigorously, there are other issues which still require much study and discussion between all parties before a firm commitment can be taken. Part of my overall purpose is to increase the level and depth of communication between differing camps of the creation/evolution debate while reducing the level of suspicion, contempt, and confrontation. This approach is aimed first of all at bringing Christians together and secondly towards increasing the level of communication between creationists and evolutionists outside the church.

We must take up the Lord's invitation to the nation of Israel through the prophet Isaiah when He said, "Come now, and let us reason together" (Is. 1:18).

What is Probe?

Probe Ministries is a non-profit ministry whose mission is to assist the church in renewing the minds of believers with a Christian worldview and to equip the church to engage the world for Christ. Probe fulfills this mission through our *Mind Games* conferences for youth and adults, our 3-minute daily radio program, and our extensive Web site at www.probe.org.
