

“I Think Some of the Indian Gods Are Aliens From Ancient Visits to Earth”

I think we're not alone in the universe because of lots of old evidence of aliens found on Earth. I'm an Indian, there are (traditionally 330 million!) gods and goddesses in Hindu culture. I'm always confused about whom to pray. In Indian culture I heard about the flying machine that our gods used at that time and also heard that our ancestors found all the planets in our solar system thousand years ago that scientists came to know with the help of modern technology. I think thousand of years ago aliens visited India, and it may be some of the Indian gods are aliens. So there is a possibility that they exist in the universe.

You brought up an interesting and relevant issue worth discussing. People talk a lot about [alien beings](#) these days. The Bible also speaks about aliens. In the Biblical language, they are called angels, spirits, cherubim, etc. The Bible also speaks about their interactions with human beings at different times in the history of mankind.

All through the history, without geographical and cultural limits, mankind has been making scientific discoveries based on research methods available to us. Such scientific advantages have been made by people of different cultures and nationalities in different part of the world. India is one of them. However, to assume that they were revelations will be making a giant leap. This will undermine the foundational principles of science, which is observation and research. The Bible teaches about seeking and finding. Those who seek find solutions in spite of what their culture and nationality is. Fictions will always predict possibilities. There is no wonder when a fiction speaks about flying objects or beings. There

are other examples in history where people wrote about flying objects before man actually made airplanes.

The Bible teaches that there is only One God who deserves worship and prayer. This one God created everything else in the world. Therefore, God is not an alien to any culture of country. He is the Master and Creator of the whole universe. In fact belief in many gods will fall on its own feet when you ask a couple of questions—who created god “D,” who created god “C,” who created god “B,” and you will end up in an absolute One. That is the One we call God and who deserves your worship and prayer.
