

Redeeming Darwin Facilitator's Guide

The guide to prepare you to facilitate a small group study of the Redeeming Darwin DVD based study on Intelligent Design.

The Facilitator's Guide provides background material to prepare you to lead the discussion during each week of the study. It includes Fast Facts to equip you to lead the group and discussion questions to use during the group time..

Redeeming Darwin Leader's Kit

Everything needed to host a 6 week study on a Biblical perspective on the intelligent design controversy and how to use it to share Christ

The Redeeming Darwin study covers this important topic in two DVDs.

DVD #1: Discovering the Designer – explores the scientific and societal aspects of Intelligent Design vs. Evolution issues. It features Kerby Anderson, Dr. Ray Bohlin, Dr. Fazale Rana (Reasons to Believe) and Dr. John Morris (Institute for Creation Research)

DVD #2: Declaring the Designer – equips the viewer to transition from a discussion of intelligent design to an effective presentation of the gospel. It features Larry Moyer and Mark Rae of EvanTell.

In addition to DVDs, the kit includes

Facilitator Guide: provides everything needed for a person

with little or no knowledge of intelligent design or evolutionary theory to lead a stimulating study with group discussion.

Viewers Guide with Reference Guide: (6 per kit) summarizes each lesson and provides a handy reference guide explaining the meaning and significance of the key concepts in this controversy

The Natural Limits to Biological Change: Dr. Ray Bohlin's seminal book on one of the primary issues with Neo-Darwinism.

Creation, Evolution and Modern Science In a clear, straightforward style, Dr. Ray Bohlin and other Probe authors relate Christian faith to the onslaught of our technological society. This book provides direct answers to your questions concerning the creation/evolution debate, intelligent life in the universe, and what is reported in Genesis 1-2. (192 pages)
