Steve Cable is the Senior Vice President of Probe Ministries. He speaks for Probe conferences and writes for the national Probe radio broadcast. He also assists in developing strategies to expand the impact of Probe's resources in the U.S. and abroad. Prior to joining Probe, Steve spent over 25 years in the telecommunications industry. Steve and his wife Patti have served as Bible teachers for over 35 years, helping people apply God's word to every aspect of their lives. Steve has extensive, practical experience applying a Christian worldview to the dynamic, competitive high-tech world that is rapidly becoming a dominant aspect of our society.

PERSONAL BACKGROUND

Steve grew up in Carlsbad, New Mexico. He has been married to his wife Patti since 1976. They have three daughters, three sons-in-law, and four grandchildren. They are members of Prairie Creek Baptist Church, Plano, Texas.

EDUCATION

Rice University, B.S. in Electrical Engineering and Math Science, *magna cum laude*

Rice University, Masters in Electrical Engineering

Southern Methodist University, Post graduate courses

Rockwell International, Executive Training

Honors: National Merit Scholar, Phi Beta Kappa, Tau Beta Pi,
George Brown Engineering Scholarship

MINISTRY EXPERIENCE

Steve has been actively involved in Christian ministries since becoming a Christian at the age of 16. In college, he was active in both Campus Crusade for Christ and the Baptist Student Union (BSU). Through the BSU, he spent the summer of 1976 as a student missionary in Bangladesh. This experience contributed to a lifelong commitment to world missions and a global ministry vision.

For the past 35 years, Steve and Patti have been continuously involved in pastoring and teaching adults. This ministry has included leading ministries to young single adults and to engaged/recently married couples. Steve currently serves as a Bible teacher, a deacon, Missions Team member, and an ESL teacher at Prairie Creek Baptist Church in Plano, Texas.

BUSINESS EXPERIENCE

Prior to joining Probe, Steve spent 27 years in the telecommunications industry as a communications systems engineer and in executive management.

In 21 years with Rockwell International, Steve led the design and fielding of communications systems for government and commercial applications. During his tenure with Rockwell, Steve held positions in engineering and executive management. In 1985, Steve was named Engineer of the Year for his division.

After leaving Rockwell, Steve spent 6 years as a corporate officer of ViaSat producing innovative satellite and other

communication products that enable fast, secure, and efficient communications to any location.

Steve's career in telecommunications allowed him to be involved in forefront of some of the technologies shaping our world: the Internet, mobile telephony, GPS and satellite communications. As VP/GM for ViaSat Broadband Systems, Steve was instrumental in harnessing satellites to bring broadband Internet connections both to commercial airline flights and to under-served homes and businesses around the globe.

His business experience includes providing services around the globe in collaboration with many foreign companies. Steve has worked directly in many countries including Australia, France, Thailand, Germany, the United Kingdom, Korea, Luxemburg and China.
