“How Can I Trust Christianity and the Bible Are True With So Many Changes and Translations?”

I recently visited the Museum of the Bible in Washington DC. I was excited to go there, because I thought I would view a lot of evidence for the faith of Christianity. While that was true, I was disappointed to leave the museum more confused than when I had arrived. The history of the Bible section showed that there have been many changes, corrections and translations made of the Holy Bible. How do we know that the Christian faith is the one true thing, and how do we know that the Bible has been translated/passed down correctly (and without error) during all those times of translations?

The great news is that we have a crazy HUGE number of manuscript copies of the New Testament, that allows us to know with amazing accuracy which are the most accurate copies (because we can identify where the copy mistakes are). I just checked with the world experts at the Center for the Study of New Testament Manuscripts (www.csntm.org); there are 5500 copies of the Greek New Testament, and 15,000 copies total of the various languages from before the printing press was invented.

I just used these numbers to update one of my favorite answers to email on our website: probe.org/the-bible-has-been-changed-and-corrupted-over-time/

And here is the link to one of our best articles on the Bible: probe.org/are-the-biblical-documents-reliable/

One other article that is, I believe, super powerful for building your confidence that Christianity is true:

I hope this encourages you!
