

“Where Did The Terms ‘Right Wing’ and ‘Left Wing’ Come From?”

I was reading Ecclesiastes 10:2 (“The heart of the wise inclines to the right, but the heart of the fool to the left”) and what struck me right away was this fits our right and left wings.

My question is, how did the political parties get their status of being considered left and right?

It turns out that the historical explanation for the political terms left wing and right wing are based upon the seating arrangement of the first French General Assembly. The proponents of the political ideas inspired by the Enlightenment were seated on the left. Those who supported the old regime were seated at the right hand of the president of the Assembly.

So early on, ideas that were something new and novel were associated with the left, and conservative ideas were associated with the right. Actually, the story is a bit more complicated than that, but to answer your question, the origin of left and right is found in modern politics rather than Ecclesiastes.

Thanks for writing. God bless you.
