

“You’re a Christian Fundamentalist Narrow Thinker”

First of all, I am not a member of the A.R.E.. Your dissertation on Edgar Cayce is what one might expect of Christian Fundamentalist narrow thinking. Anything that you don't understand becomes "satan motivated" or "demonic." Why God, if there is one, would ever want to look into or back on such a planet and people such as us, I fail to understand. People like you have been programmed to be set in your ways and interpretations by your families and up-bringing to point that you see nothing beyond your King James Bibles (flawed, contradictory and controversial).

Whether Edgar Cayce is valid or not, it is people like you that will influence free thinking and considerations. I could go on, but by now I am sure that you will attribute my words as inspired by those terrible demons that are so conveniently at your disposal whenever anything threatens your way of thinking.

Thanks for writing. No, I don't think your words are inspired by demons at all, but I do wonder why you would take the time to write without offering something specific that you object to in the article on Cayce.

Yes, in some of our analyses we are definitely narrow-minded. There is a time and a place for that. I want engineers, for example, to be extremely narrow-minded when it comes to measuring and figuring all the numbers that go into making a bridge, because I want it to hold up when I go across it. I want airplane designers to be extremely narrow-minded about what it takes to get a jet to fly and to come back down in one piece. And when it comes to the spirit realm, I want to know

what is true and what isn't, because there's a whole bunch of activity in that arena that affects human lives.

I'm sorry for whatever has happened to make you doubt that God exists; it would seem that SOMETHING went wrong somewhere for you to experience such hostility. By the way, when I went from not believing in God to realizing there was plenty of evidence not only for His existence, but for His love for me, that was the opposite of narrow-minded thinking. On the contrary, it broadened my world beyond anything I thought possible.

But thank you for writing.
